

College Graduated

Peter Maurin

Sociology is not a science,
it is an art.
The art of sociology
is the art
of creating order
out of chaos.
Bourgeois colleges
turn out college graduates
into a changing world
without ever telling them
how to keep it from changing
or how to change it
so as to make it fit
for college graduates.
College graduates
think in terms of jobs
not in terms of work.
Since the world is upside down
taking the side down
and putting it up
should be the task
of college graduates.
But college graduates
would rather
play somebody else's game
in a position
than to create order
out of chaos.
